treyhardcastle@gmail.com (951) 553-9700 45009 Corte Christina Temecula, CA 92592

---

## Summary

---

Freshly graduated web developer with strong passion for creating innovative and user-friendly web applications. Solid understanding of web development technologies such as HTML, CSS, JavaScript, and various frameworks and libraries. Quick learner constantly seeking to improve skills and stay up to date with latest industry trends. Experienced team player with background in collaborative environment. Excited to bring skills and enthusiasm to dynamic company and help build cutting-edge web solutions.

## EXPERIENCE

---

### Securitas

**Dec. 2018 - Dec. 2022**

*Security Officer*

*Temecula, CA*

Security guard with a proven track record of maintaining a safe and secure environment. Consistently prevented incidents through proactive patrols and by promptly responding to security breaches.

### Fineline Molds

**May 2016 - Dec. 2018**

*Mold Making Apprentice*

*Chino, CA*

Injection mold making apprentice with hands-on experience in operating machinery and following manufacturing processes. Achieved a high level of precision and efficiency in mold production, leading to cost savings and improved production timelines.

### Rayzist Photomask

**June 2013 - May 2016**

*Graphic Designer*

Graphic design for use with headstones as a memorial offers a unique and meaningful opportunity for creative expression. A headstone is a lasting tribute to a loved one, and graphic design can help to personalize and enhance the memorial, making it a fitting reflection of the person being remembered

## EDUCATION

---

### University of Irvine

**February 2023**

*Web Development Certificate*

*Irvine, CA*

- Worked both independently and with a group through industry standards to shape and develop core skills that are required in a fast paced work environment.
- Group Project 1: [https://clevehardcastle.github.io/Recipe\\_Project/](https://clevehardcastle.github.io/Recipe_Project/)
  - During group project 1 I mostly worked in the back end. Working with API endpoints to generate the data on the webpage.
- Group Project 2: <https://calm-savannah-54938.herokuapp.com/>
  - During group project 2 I worked exclusively with Handlebars on the front end and UI/UX.
- Group Project 3: <https://cryptic-retreat-89387.herokuapp.com/>
  - During group project 3 I worked on the front-end with React to design the layout and UI/UX.

## SKILLS & INTERESTS

---

- **Technical Skills** HTML, CSS, JavaScript, React.js, Node.js, Figma, MongoDB, SQL, Handlebars, Express, Restful API
